Chicago, IL 60614

Time

Check-in 9 AM
Walk Starts 10 AM

Join Team Annie's Angels and UI Health

Liver Life Walk is a signature event of American Liver Foundation (ALF). It allows people affected by liver disease to come together to raise awareness and funds. It also gives them the opportunity to support each other in a festive and inspiring environment.

This year marks ALF's 50th Anniversary and we invite you to join us as we honor five decades of impact in the liver community. Every step helps drive progress the next 50 years forward and together, we are moving closer to a world without liver disease.

To register or donate now, scan the QR code or email Andrew at akluge@liverfoundation.org.
