

Preparing for your appointment at the UNIVERSITY OF ILLINOIS HOSPITAL & HEALTH SCIENCES SYSTEM

A talented staff of physicians, nurses, therapists, technologists, and other healthcare professionals bring expertise to every aspect of patient care at the University of Illinois Hospital & Health Sciences System. Our goal is to make your referrals to UI Health as easy as possible for you and your patient. The University of Illinois Hospital has been advancing medicine for the benefit of the people of Illinois and beyond since 1859. The hospital includes a 495-bed tertiary hospital, an outpatient facility, specialty clinics, the UIC College of Medicine, and six other health science colleges. More new physicians earn their medical degrees here than any other medical school in the country.

As a leader in patient care, research, and education, UI Health is committed to changing medicine and changing it for good.
